

Talk on Weather Affecting Expeditions

The talk on Weather Affecting Expeditions organized by Expeditions Instructors Central Registration Unit was successfully held on 6th & 13th of July 2007, Fridays at Centenary Building Conference Hall, Hong Kong Observatory Headquarters. It was a great pleasure to invite Mr. Tai Sai Choi, the Scientific Officer of Hong Kong Observatory to be our guest speaker. The talk attracted nearly 140 Instructors and Assessors from different Operating Authorities.

↑ Scientific Officer of the
Hong Kong Observatory –
Mr. Tai Sai Choi

The seminar consisted of three sessions. In the first session “The Weather and Coast Condition in Hong Kong”, Mr. Tai introduced the climate, monsoon winds, sea waves and tides in Hong Kong to the participants. Part two was a visit to the Exhibition Hall of Hong Kong Observatory. Mr. Tai explained the use of many weather forecasting apparatus. Participants could take some leaflet and CDs as souvenir. Part three was called “The weather that affect hiking”. Mr. Tai explained the characteristic of thunderstorm and the effect on chill/hot/dry or foggy day. These provided participants an opportunity to know more about risk management under bad weather situation.

Finally, Mr. Tai Sai Choi received souvenir from CRS Convener Mr. Cheng Chung Shan and the seminar was completed among a sea of applause by participants.

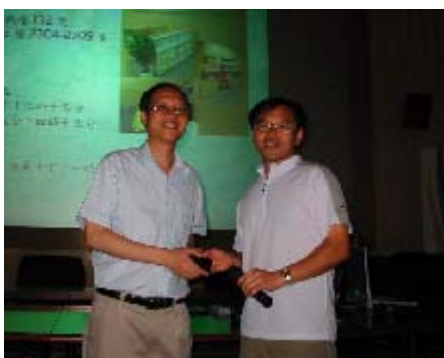

↑ All participants were very concentrated
in the seminar.
